

Model Code : SK400

Ultrasonic Slicer

- The Ultrasonic Slicer sharply slices bar-shaped dough formed with Cornucopia and other Encrusting machines.
- Slices smoothly with minimal contact between the blade surface and product using microscopic vibration. Cleanly cuts not only fragile, delicate, sticky dough, but also dough with solid ingredients such as sliced almonds or dried fruits nicely without distortion.
- You can omit the refrigeration process and produce continuously and directly from dough extrusion to product panning for Ice Box Cookies.
- Using the box motion cutting method, the dough will not stick to the conveyor or will it bounce off after vertical cutting. Millimeter-accuracy cutting and very quiet operation.

Perfectly slices products without surface distortion!

● **Dimensions**

(Unit : mm)

● **Specifications**

Model Code	SK400	Maximum Cutting Frequency	100 cuts / min.
Length	1513 mm	Cut length	5 mm or more
Width	732 mm	Cutter stroke	35 mm – 85 mm
Height	1325 mm	Cutter blade width	153 mm
Weight	100 kg	Production data memory	20 items
Electrical Capacity	0.88 kw		
Air	0.4 MPa , 20 ℓ /min.		

Allows the product height up to 84 mm (less than maximum cutter stroke 85 mm). Cut product height must be less than 20 mm (out feed conveyor height). Please contact us for details.

Less than 20 mm

Less than 85 mm

Cookie production line

Refrigeration is no longer needed in icebox cookie production.

Compact Panner Ultrasonic Slicer Cornucopia

Almond cookie

Two-color cookie

Three-color cookie

Cube cookie

Fruit bar

Perfect for cutting Swiss rolls

Ultrasonic Slicer can be also used as a stand-alone slicer. Very useful for cutting swiss rolls, fruit bars, as well as other products.
