

Compound Nozzle Ultrasonic Slicer

- Sharply and smoothly slices dough extruded from Cornucopia KN551 compound nozzle with microscopic vibration (amplitude: 90-100 μm).
- Ultrasonic cutter slices the dough horizontally before the dough touches the belt; so the sliced dough shape remains nice and clean even in a complex shape as well as round or square.
- Comes in two cutting modes: “continuous cutting” for higher production speed and “intermittent cutting” with adjustable cutting speed.
- Even dough with solids such as crushed almond can be cut cleanly.

Outstanding cutting capability due to the ultrasonic vibration.

Cleanly slices even complicated shaped dough or one with solid particles without deformation.

Automatic cookie production line

By adding the optional panner to Cornucopia KN551 along with the slicer, sliced products will be arranged onto trays nicely without touching the products and deforming. Offers automated cookie production with high efficiency.

High quality

High efficiency

Space saving

Hygienic

Heart-shaped cookie

Double chocolate sable

Spicy cheese cookie

Polvoron

Installed on Cornucopia KN551

Compound Nozzle Ultrasonic Slicer (Installed on KN551)		
Length	700 mm (1790 mm)	
Width	610 mm (1025 mm)	
Height	1320 mm (1496 mm)	
Electrical Capacity	0.7 kW	
Air	0.3 MPa, 20 ℓ /min	
Blade Amplitude	90 - 100 μm	
Production Capacity	Continuous Cutting	100 cuts/min.
	Intermittent Cutting	60 cuts/min.

※Your KN551 must be modified to install this slicer. Please contact us for details.

The device can be mounted and dismantled easily. By simple parts replacement, Cornucopia can be used alone.
