

The best hand for Bread and Pastry.

STRESS FREE System

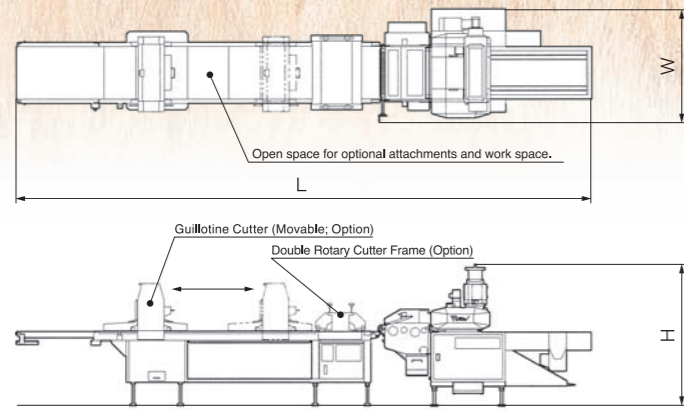

EZ Table

EZ Table is a simple straight bread line, which consists of two devices, "Action Roller and Make-Up Table". The Action Roller stretches the dough without causing any damage to the dough sheet. Any option can be attached to the Make-Up Table to create wide variety of Bread and Pastry.

Choose the best combination according to the required products, production amount, and plant space.

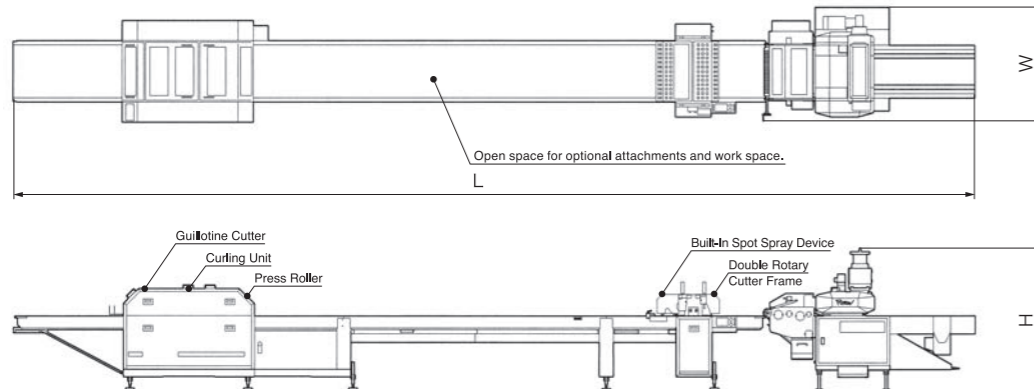

Compact EZ Table

Option List

RHEON

EZ Table automatically forms variety of products by producing Bread and Pastry from continuous dough sheet. Rheon **STRESS FREE** System creates high-quality products without any damage to the dough.

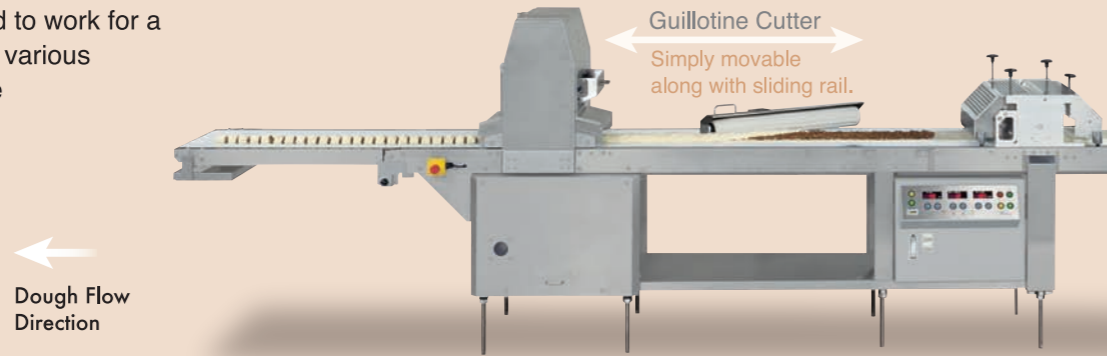

Choose between Compact Table and Universal Table as follows :

● Compact EZ Table

<Compact EZ Table is a compact bread line, which has high productivity with less space.>

Compact Table

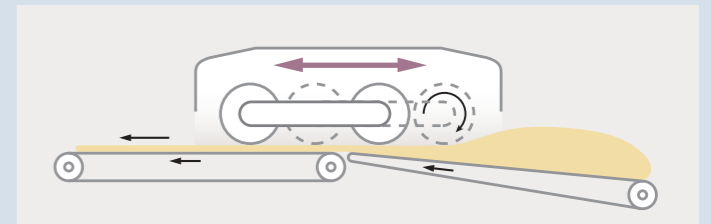

Compact EZ Table is designed to work for a wide range of production, and various options can be attached to the make-up table. The Guillotine Cutter can easily slide for two cutting positions.

Action Roller

Action Roller forms continuous dough sheet to efficiently produce high quality and volume of Bread and Pastry.

- Highly efficient dough stretching machine;
- **"Action Roller"**

Manual Dough Feeding

By simply inputting "dough width", "dough thickness" and "stretching roller speed", Action Roller can create specified dough sheet automatically by sensing the flow of dough and accurately calculating the dough-stretching ratio.

Action Roller stretches the dough sheet without breaking out the dough and fat layers for the production of delicate pastries.

● EZ Table

<EZ Table automatically creates various products.>

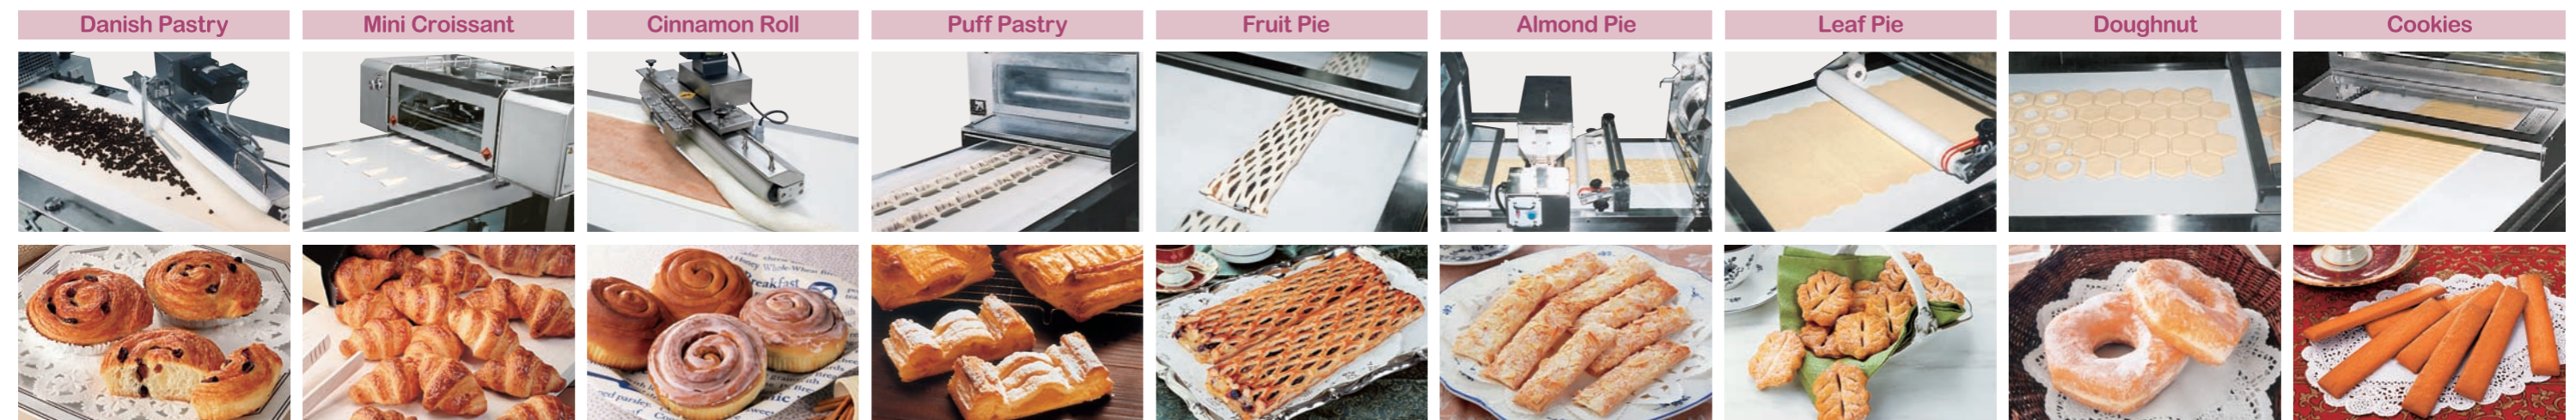

Universal Table

Universal Table is a more versatile make-up system than the Compact Table because of its wide variety of shaping attachments. Therefore, should you choose this automated system based on your production requirements. All the shaping attachments are easily detachable for quick cleaning of products and for easy cleaning.

※ Shown 7000mm Length EZ Table. (build to order)

Rheon's various shaping tools can be attached on the make-up table, and automatically form product into a required shape.

※ Please contact us about Universal Table and Compact Table production details.
